Meet Team Korea in Toronto & Shape the Future Together

Korea is Coming. And We have a Story to Tell.

Meet Team Korea in Toronto and shape the future together.

We invite you to visit our booth, join Korean Night, and hear our vision for ISPRS 2030 in Incheon.

Korea is participating in ISPRS 2026 and presenting our vision for hosting the ISPRS Congress 2030. Enjoy a variety of exciting activities at our booth.

Booth 426

MTCC South Building,
Exhibit Hall F,
Level 800

Discover the Korean Booth

Hanbok Experience

Try on a hanbok, Korea's traditional attire, and experience the beauty and cultural heritage of Korea firsthand.

Available Throughout
the Exhibition

Calligraphy

Curious how your name looks in Korean? Watch it come to life in beautiful Korean calligraphy and take home a personalized postcard.

6 July 2026, 17:30-19:20

Photo Booth

Capture the moment in our photo booth while wearing a beautiful hanbok. Take home a memorable photo as a keepsake from your visit.

7 July 2026, 13:00-16:00

WHY YOUR VOTE MATTERS

Your vote is more than a choice of host city.

It is a choice for the future of our community.

1 World-class connectivity

Incheon is Asia's most connected hub — with a world-class international airport and seamless infrastructure designed for large-scale international events.

2 Asia's geospatial momentum

Asia is rapidly becoming a global center for geospatial innovation. Hosting ISPRS 2030 in Korea means bringing the congress closer to where the future of our field is being shaped.

3 Korea's proven track record

Korea has successfully hosted many international conferences and global events. ISPRS 2030 in Incheon would build on this experience to deliver an exceptional congress.

4 A community that welcomes all

Voting for Incheon is a vote for accessibility and inclusivity — a congress that puts its delegates first, from arrival to farewell.

MEET THE TEAM

Ji Sang Park

Candidate Congress Director
